

White Rose Development Project - Expression of Interest (EOI) / Prequalification Medical Services – Reference 8.5.1.089

Husky Energy Inc. (Husky), operator of the White Rose project, is seeking Expressions of Interest (EOI's) and Prequalification responses from interested companies for the provision of Medical Services. The White Rose oilfield is located approximately 350 kilometers east-southeast of St. John's, NL in the Jeanne d'Arc Basin.

General Requirements

Interested companies must be qualified to conduct the work as outlined in the Scope of Work below and are asked to demonstrate their capabilities and experience via a formal response to the Prequalification Questionnaire. The Prequalification Questionnaire is largely based on Husky Operational Integrity Management System (HOIMS) and contains detailed questions regarding your company's technical, HSEQ and commercial capabilities.

Scope of Work

In support of the White Rose Development Project, Husky will require the services of qualified and experienced contractors for the provision of **Medical Services**.

The scope of work is described in the table below. Interested companies are encouraged to express interest on the consolidated scope or on any combination of the scope components listed below.
