1. What type of equipment will the security contractor need to provide? Vehicle, computer, radios, cellphones?

   Company Response
   Vehicle and Cellphone

2. It states 24/7 security required. Does this mean 168 Hours of work per week? So one guard around the clock or are there times when there is more than one guard on shift?

   Company Response
   One guard per shift for 24/7 coverage

   This is a reminder that any submission which is not received by the EOI/Pre-qualification closing date and time will not be given consideration as part of this Procurement process.
