HUSKY ENERGY INC.

ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON MAY 2, 2002

MANAGEMENT INFORMATION CIRCULAR

This Information Circular is furnished in connection with the solicitation of proxies by the management of Husky Energy Inc. (“Husky” or the “Corporation”) for use at the annual meeting of the holders of common shares (the “Common Shares”) of the Corporation to be held on the 2nd day of May, 2002 at 10:30 a.m. (Calgary time), or at any adjournment thereof (the “Meeting”), for the purposes set forth in the Notice of Meeting. The information contained herein is given as of the 15th day of March, 2002, except where otherwise indicated. There is enclosed herewith a form of proxy for use at the Meeting, together with a copy of the Corporation’s Annual Report containing the financial statements of the Corporation to be presented at the Meeting. Each shareholder who is entitled to attend at meetings of shareholders is encouraged to participate in the Meeting and shareholders are urged to vote in person or by proxy on matters to be considered.

APPOINTMENT AND REVOCATION OF PROXIES

Those shareholders desiring to be represented by proxy must deposit their respective forms of proxy with Computershare Trust Company of Canada (“Computershare”) at 600, 530 - 8th Avenue S.W. Calgary, Alberta T2P 3S8 by no later than 10:30 a.m. (Calgary time) on April 30, 2002 or on the second last business day preceding any adjournment of the Meeting. A proxy must be executed by the shareholder or by his or her attorney authorized in writing, or if the shareholder is a corporation, under its seal or by an officer or attorney thereof duly authorized. A proxy is valid only at the Meeting in respect of which it is given or any adjournment of the Meeting.

Each shareholder submitting a proxy has the right to appoint a person to represent him, her or it at the Meeting other than the persons designated in the form of proxy furnished by the Corporation. The shareholder may exercise this right by striking out the names of the persons so designated and inserting the name of the desired representative in the blank space provided, or by completing another form of proxy and in either case depositing the proxy with Computershare at the place and within the time specified above for the deposit of proxies.

A proxy may be revoked by the person giving it at any time prior to the exercise thereof. If a person who has given a proxy attends personally at the Meeting at which such proxy is to be voted, such person may revoke the proxy and vote in person. In addition to revocation in any other manner permitted by law, a proxy may be revoked by instrument in writing executed by the shareholder or his or her attorney authorized in writing, or if the shareholder is a corporation, under its seal or by an officer or attorney thereof duly authorized, and deposited with Computershare at the place and within the time specified above for the deposit of proxies. The close of business on March 25, 2002 is the record date for the determination of shareholders who are entitled to notice of, and to attend and vote at, the Meeting (the “Record Date”).

Shareholders who do not hold their Common Shares in their own name (referred to herein as “beneficial shareholders”) are advised that only proxies from shareholders of record can be recognized and voted upon at the Meeting. If Common Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Common Shares will not be registered in the shareholder’s name on the records of the Corporation. Such Common Shares will more likely be
registered under the name of the shareholder’s broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for The Canadian Depositary for Securities, which acts as nominee for many Canadian brokerage firms). Common Shares held by brokers or their nominees can only be voted (for or against resolutions) upon the instructions of the beneficial shareholder. Without specific instructions, brokers/nominees are prohibited from voting Common Shares for their clients. The directors and officers of the Corporation do not know for whose benefit the Common Shares registered in the name of CDS & Co. are held, and directors and officers of the Corporation do not necessarily know for whose benefit the Common Shares registered in the name of any broker or agent are held. Beneficial shareholders who complete and return a form of proxy must indicate thereon the person (usually a brokerage house) who holds their Common Shares as a registered shareholder. Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from beneficial shareholders in advance of shareholders’ meetings. Every intermediary (broker) has its own mailing procedure, and provides its own return instructions, which should be carefully followed. The form of proxy supplied to beneficial shareholders is identical to that provided to registered shareholders. However, its purpose is limited to instructing the registered shareholder how to vote on behalf of the beneficial shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Independent Investor Communications Corporation (“IICC”). IICC typically applies a special sticker to the proxy forms, mails those forms to the beneficial shareholders and asks beneficial shareholders to return the proxy forms to IICC. IICC then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. A beneficial shareholder receiving a proxy with an IICC sticker on it cannot use that proxy to vote Common Shares directly at the Meeting. The proxy must be returned to IICC well in advance of the Meeting in order to have the Common Shares voted.

All references to shareholders in this Information Circular and the accompanying form of proxy and Notice of Meeting are to shareholders of record, unless specifically stated otherwise.

EXERCISE OF DISCRETION

The Common Shares represented by the enclosed form of proxy will be voted or withheld from voting in accordance with the instructions of the shareholder where voting is by way of a show of hands or by ballot. The persons appointed under the enclosed form of proxy are conferred with discretionary authority with respect to amendments or variations of those matters specified in the proxy and Notice of Meeting and with respect to any other matters which may properly be brought before the Meeting or any adjournment thereof. If any such matters should come before the Meeting, it is the intention of the persons named in the enclosed form of proxy to vote such proxy in accordance with their best judgment unless the shareholder has specified to the contrary or that Common Shares are to be withheld from voting. At the time of printing this Information Circular, the management of the Corporation is not aware of any such amendment, variation, or other matter.

Unless otherwise specified, proxies in the accompanying form will be voted in favour of the election of the nominees, hereinafter set forth, as directors of the Corporation (provided that in the event that a vacancy among such nominees occurs because of death or for any other reason prior to the Meeting, proxies shall not be voted with respect to such vacancy) and in favour of the appointment of KPMG LLP, Chartered Accountants as auditors of the Corporation.

PERSONS MAKING THE SOLICITATION

This solicitation is made on behalf of the management of the Corporation. The cost incurred in the preparation and mailing of both the proxy and this Information Circular will be borne by the
Corporation. In addition to the use of mail, proxies may be solicited by personal interviews, personal delivery, telephone or any form of electronic communication or by directors, officers and employees of the Corporation who will not be directly compensated therefor.

In accordance with National Policy Statement No. 41, arrangements have been made with brokerage houses and other intermediaries, clearing agencies, custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of the Common Shares held of record by such persons and the Corporation may reimburse such persons for reasonable fees and disbursements incurred by them in doing so. The costs thereof will be borne by the Corporation.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

As at March 15, 2002, the Corporation had 417,305,401 Common Shares outstanding. Each Common Share confers upon the holder thereof the right to one vote. Only those shareholders of record on the Record Date are entitled to notice of, and to attend and vote at the Meeting. Any transferee or person acquiring Common Shares after the Record Date may, on proof of ownership of Common Shares, demand of Computershare not later than 10 days before the Meeting that his name be included in the list of persons entitled to attend and vote at the Meeting.

To the knowledge of the directors and senior officers of the Corporation, as at March 15, 2002 no person or company beneficially owns, directly or indirectly, or exercises control or direction over, more than 10% of the voting rights attached to all of the outstanding Common Shares of the Corporation other than as set forth below:

EXECUTIVE COMPENSATION

The Corporation’s executive compensation program (the “Compensation Program”) is governed by the Compensation Committee of the board of directors of the Corporation. Among its responsibilities, the Compensation Committee will make recommendations to the board with respect to compensation of the executive officers of the Corporation and also review and monitor the design and competitiveness of major new compensation programs. During 2001, no new compensation programs were introduced.

C.K.N. Fok, Chairman of the Board, is also Chairman of the Compensation Committee. R.G. Greene, H. Kluge, E.L. Kwok and F.J. Sixt serve as committee members.

Report on Executive Compensation

The Compensation Program is designed to attract, motivate, reward and retain the management talent needed to achieve the Corporation’s business objectives. It is intended to align the interests of the executive officers with those of the Corporation’s shareholders. Based on a pay-for-performance philosophy, it rewards executive officers on the basis of individual performance and corporate performance.

The Corporation participates in an annual compensation survey, conducted by independent consultants, of the salary, benefit and other incentive programs in effect with comparative oil and gas companies in Canada (“Survey”). The Survey is employed as a reference by the Compensation Committee in its deliberations. The executive compensation of the Corporation is comprised of four major components: base salaries, a short-term incentive program, a long-term incentive plan and benefit plans. In 2001 the Corporation continued to conduct surveys to stay abreast of current trends.

Base Salary

The base salary of the President & Chief Executive Officer, and of each of the other executive officers, is determined by the Compensation Committee based on the level of responsibility and the experience of the individual, the relative importance of the position to the Corporation and the performance of the individual during the relevant period. Business and other economic factors are considered as well. Although greater emphasis is placed on incentive compensation, the Compensation Committee considers that a competitive base salary for all employees of the Corporation is a key factor in achieving and maintaining the Corporation’s desired competitive positioning in the oil and gas industry. The Corporation uses a variety of salary surveys to establish a guideline for its salary ranges.

Short-term Incentive Program

The purpose of the corporate bonus plan is to relate a component of compensation directly to annual corporate results for its employees, including the executive officers. The intent is that each key
employee at a certain level may earn a bonus equal in amount to a percentage of the key employee’s annual base salary.

Long-term Incentive Compensation (Incentive Stock Option Plan)

The purpose of the Incentive Stock Option Plan (the “Plan”) is to enable the Corporation in appropriate circumstances to offer ownership interests in the Corporation through stock options in order to assist the Corporation and its subsidiaries to attract and retain directors, officers and employees of outstanding ability, competence and potential. It is important that this compensation element be used to align the perspective of key employees to those of a shareholder.

Pursuant to the Plan, the board of directors may, on the recommendation of the Compensation Committee, grant to directors, officers and employees of the Corporation (each an “Eligible Person”) options to purchase Common Shares of the Corporation. The exercise price at which Common Shares may be purchased pursuant to an option is established at the time such option is granted and will not be less than the weighted average trading price per Common Share on The Toronto Stock Exchange (the “TSE”) for the five days preceding the grant date, or if the Common Shares are not listed on the TSE or any other stock exchange, at a price determined by the board of directors. The term of each option may be fixed by the board of directors when the option is granted to a maximum of 5 years. Options will vest as to one-third on each anniversary date of the date of grant of the options, subject to the right of the board of directors to determine at the time of grant that particular options will be exercisable in whole or in part on earlier dates. The maximum number of Common Shares that may be reserved for issuance pursuant to options granted under the Plan is presently fixed at 30,000,000 and the maximum number of Common Shares that may be optioned to any one Eligible Person under the Plan together with all other previously established or proposed options, shall not exceed 1% of the total number of Common Shares issued and outstanding on a non-diluted basis. The options are not assignable and terminate immediately upon the Eligible Person being dismissed from his or her office or employment for cause or resigning at the request of the Corporation, or terminate after 90 days upon the Eligible Person resigning his or her office or employment (other than at the request of the Corporation) or is dismissed without cause.

Benefit Plans

The executives participate with all employees in the benefit plans provided by the Corporation. There are no special pension plans in place for the executives.

The foregoing report is respectfully submitted to the shareholders of the Corporation by the Compensation Committee:

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

Commencing in 1995, the TSE mandated every listed company to disclose on an annual basis its approach to corporate governance with reference to guidelines contained in the TSE’s by-laws (the “Guidelines”). These Guidelines were subsequently updated in 1999.

The following statement of Husky’s corporate governance practices has been approved by the board of directors. The Corporation’s board of directors has taken account of the revised Guidelines and where a divergence exists between the Corporation’s practices and the Guidelines, the rationale is explained.

Mandate of the Board of Directors

The board of directors specific duties and responsibilities include:
1. approve, supervise and provide guidance on the strategic planning process. The President & Chief Executive Officer and senior management team have direct responsibility for the ongoing strategic planning process and the establishment of long term goals for the Corporation, which are reviewed and approved not less than annually by the board of directors;

2. identify the principal risks of the Corporation’s business and use reasonable steps to ensure the implementation of appropriate systems to manage these risks;

3. approve the Corporation’s annual corporate budget; and

4. oversee the integrity of the Corporation’s internal control and management information systems.

A principal responsibility of the Co-Chairmen of the Board is to manage, and act as the chief administrative officers of, the board of directors with such duties and responsibilities as the board of directors may establish from time to time. The Co-Chairmen of the Board are independent of management.

The board of directors appoints the President & Chief Executive Officer of the Corporation who shall be a member of the board of directors, and establishes the duties and responsibilities of the President & Chief Executive Officer. On the recommendation of the President & Chief Executive Officer, the board of directors appoints the senior officers of the Corporation.

New directors are provided with substantial reference material pertaining to the Corporation, its strategic focus, financial and operating history and corporate vision.

The board is supportive of an individual director engaging an independent advisor at the expense of the Corporation in appropriate circumstances. The engagement of an independent advisor is subject to the approval of one of the Co-Chairmen of the Board.

The Co-Chairmen of the Board assess the effectiveness of the board as a whole, the committees of the board and the contributions of individual directors.

Directors receive the annual retainer and attendance fees as set forth under “Compensation of Directors” as compensation for their activities as directors of the Corporation and are entitled to reimbursement for out-of-pocket expenses for attendance at meetings of the board of directors and any committees of the board of directors. The board of directors feels that this compensation adequately reflects the responsibilities and risks involved in being a director of a senior integrated energy and energy related company.

**Composition of the Board of Directors**

Of the members of the board of directors of the Corporation, eight are “unrelated” directors (being M.J.G. Glynn, R.D. Greene, T.C.Y. Hui, B.D. Kinney, H. Kluge, E.L. Kwok, W.L. Matthews and W.E. Shaw). An “unrelated” director is one who is independent of management and is free from any interest and any business or other relationship that could, or could reasonably be perceived to, materially interfere with the director’s ability to act with a view to the best interests of the Corporation, other than interests and relationships arising from shareholding. A “related” director is one who is not an “unrelated director”.

The related directors are considered to be so because of the offices they hold with the Corporation or their business relationship with the Corporation or its significant shareholders. The Corporation’s significant beneficial shareholders, U.F. Investments (Barbados) Ltd., L.F. Investments (Barbados) Ltd. and H.F. Investments (Barbados) Ltd., together own approximately 72% of the Common Shares. See “Voting Securities and Principal Holders Thereof”. The eight directors who are “unrelated” are so, because among other things, none of them has ever been employed by the Corporation, has any material contract with the Corporation, receives any remuneration from the Corporation (other than pursuant to their activities as directors of the Corporation) or has a relationship with the significant shareholders that, in the board of directors’ opinion could reasonably be perceived to materially interfere with their ability to act in the best interests of the Corporation.

The board of directors is of the opinion that its size and composition is effective for a senior integrated energy and energy related company with two major shareholders. The board has no current intention to reduce, enlarge or otherwise alter the composition of the board of directors. The board of directors is of the view that the number of its members that are unrelated directors adequately reflects the perspectives and interests of the minority shareholders.

Committees of the Board of Directors

The board of directors has established an Audit Committee, a Compensation Committee, a Health, Safety and Environment Committee and a Corporate Governance Committee. The board of directors has established the mandate, duties and responsibilities of each committee, which it reviews from time to time. All of the members of each committee are non-management directors.

The Audit Committee is comprised of four directors, three unrelated and one related. The Audit Committee’s duties and responsibilities include, assisting the board of directors in fulfilling its fiduciary responsibilities relating to the Corporation’s accounting and reporting practices and the integrity of the Corporation’s internal accounting controls and information systems; reviewing with the auditors of the Corporation the annual or interim financial statements; reviewing the annual report and any interim or other reports of the auditors; and, through periodic meetings with the auditors, reviewing the adequacy of internal accounting and audit procedures.

The Compensation Committee is comprised of two related directors and three unrelated directors. The duties and responsibilities of the Compensation Committee include determining the salary and benefits of the President & Chief Executive Officer and on the recommendation of the President & Chief Executive Officer, determining the general compensation structure and policies and programs for the Corporation and the salary and benefit levels for the senior officers.

The Health, Safety and Environment Committee is comprised of three directors, one related and two unrelated. The duties and responsibilities of the Health, Safety and Environment Committee include reviewing a health, safety and environmental policy prepared by management for approval by the board of directors, and considering and recommending updates to the policy, as necessary, on an annual basis.

The Corporate Governance Committee is comprised of three unrelated directors. The duties and responsibilities of the Corporate Governance Committee include, but are not limited to, reviewing periodically the criteria regarding the composition of the board of directors and committees of the board of directors; periodically assessing and providing recommendations to the Co-Chairmen of the Board on the effectiveness of the board of directors as a whole, the committees of the board of directors and the contribution of individual directors; and developing in conjunction with the Co-Chairmen of the Board the annual performance objectives for the Chief Executive Officer and to assist the Co-Chairman of the Board in assessing and evaluating the performance of the Chief Executive Officer.
Nominations for the board of directors are proposed by the Co-Chairmen for consideration by the board.

**Relationship between the Board of Directors and Management**

The board of directors has structures and procedures in place to ensure that the board functions independently of management at such times as is desirable or necessary. Directors who are independent of management may discuss issues in the absence of management.

The board of directors’ expectations of management are established through the annual planning process at which time approvals are authorized for achievable goals which are consistent with the Corporation’s overall strategic plans. Budgets are prepared by senior management on at least an annual basis and are submitted to the board of directors. The board measures the performance of senior management in part by the degree to which it is successful in achieving the objectives set out in the budgets. Arrangements have been made for the board to receive and review operational and financial status reports.

The Co-Chairmen of the board of directors are not members of management.

**Communications with Shareholders**

The board of directors oversees the Corporation’s communications policy. The board of directors monitors the policies and procedures that are in place to provide for effective communication by the Corporation with its shareholders and with the public generally, including effective means to enable shareholders to communicate with senior management and the board of directors.

**ELECTION OF DIRECTORS**

At the Meeting, it is proposed that 15 directors be elected until the next annual meeting of shareholders or until their successors are elected or appointed. There are currently 15 directors of the Corporation. Pursuant to the *Business Corporations Act* (Alberta), the current directors of the Corporation cease to hold office at the close of the Meeting.
